(\$ in thousands)	FY 2006 Actual	FY 2007 Estimate	FY 2008 Request
International Narcotics Control and Law Enforcement	472,428	703,600	634,600

The FY 2008 request of **\$634.6 million** for the International Narcotics Control and Law Enforcement (INCLE) account supports country and global programs that are critical to secure the U.S. and its allies against terrorist networks in the illegal drug trade and international criminal enterprises. Programs supported with INCLE funds seek to close the gap between law enforcement jurisdictions and to strengthen law enforcement institutions that are weak or corrupt.

INCLE funds are focused in Rebuilding countries where security situations are most dire and where U.S. resources are used in tandem with host country government strategies in order to maximize impact. Resources are also focused in countries that have specific challenges to overcome to establish a secure, stable environment.
