APPENDIX T

CONTROL OF SECURITY CLEARED FACILITIES

MULTINATIONAL INDUSTRIAL SECURITY WORKING GROUP
MISWG Document Number 11  11 October 1991
(Amended 1 October 2010)

CONTROL OF SECURITY CLEARED FACILITIES

INTRODUCTION

When the Program/Project involves the exchange of classified information between parties, there is a requirement for the responsible Program Project Office (RPO) Security Officer to establish and maintain a record of all facilities, which will be involved in the Contract. This will be reflected in the “Control of Security Cleared Facility” form. This requirement is necessary to monitor the information flow throughout the life of the Contract, as well as to allow the implementation of Program/Project Security Instruction (PSI), which identify security requirements regarding visits, hand carriage, transportation planes, etc.

FACILITIES
CONTROL OF SECURITY CLEARED FACILITIES

A. PURPOSE

The purpose of this Annex is to provide the RPO Security Office with the procedure for the development and maintenance of the list of Contractors and Sub-Contractors to whom classified information/material will be distributed.

B. LIST OF SECURITY CLEARED FACILITIES WHICH ARE CONTRACTORS/SUB-CONTRACTORS

The RPO Security Office will prepare a list (Basic List) of Contractors and Sub-Contractors holding or to be awarded contracts within the program or project. The level of Facility Security Clearance and Storage capability of each company will be verified prior to preparing the list.

This List, prepared in the format of Appendix 1, will be based on the information given, respectively by:

- main contractor(s), during the tendering phase:

- main contractor(s) and sub contractor(s) during the contract phase.

C. APPROVAL

The RPO Security Office will send copies of the "Basic List" to the participating National Security Authorities/Designated Security Authorities who, in conjunction with the National Project Office, as applicable, will:

- CHECK the details of those entries within its security responsibility;

- RETURN the checked and corrected list to the RPO Security Office.

D. DISTRIBUTION

The RPO Security Office will prepare a "Final Consolidated List" and send copies of it to the participating NSA/DSA, and National Project Offices.

E. AMENDMENTS

The RPO Security Office will be notified of any changes to the Final Consolidated List by the participating NSA/DSA or National Program/Project Office as applicable (Appendix 2). The RPO Security Office will then prepare an Amendment to the Final Consolidated List and forward copies to the participating NSA/DSA and National Project Offices.
